

THE WALNUT FOUNDATION ANNUAL CONFERENCE ON MEN'S HEALTH

SATURDAY, OCTOBER 19TH, 2019

An event in support of awareness of Prostate Cancer that will highlight the impact of this disease on men and their partners and families as well as the need for early detection and treatment.

On Saturday, October 19th, The Walnut Foundation will be holding their Annual Conference on Men's Health. The event to be held from 9:00am-3:00pm at the Ted Rogers School of Management at Ryerson University, will focus primarily on creating awareness of Prostate Cancer and the impact that this disease can have on men and their partners and families as well as the need for early detection and treatment.

Guest keynote speakers will include top Urologists, Genetic scientists, Psychologists, and Health and Wellness experts from Princess Margaret Cancer Centre and Sunnybrook Odette Cancer Centre. The keynote presentation will be followed by a Panel Discussion made up of survivors and their caregivers.
